Westminster Branch to Close for Construction Beginning September 13

Carroll County, MD – Carroll County Public Library’s Westminster Branch will be closed for construction starting September 13. The temporary closure is anticipated to last eight weeks and is required to ensure the safety of customers and staff. Construction will cover the installation of HVAC equipment and replacement of roofing.

No services will be offered at Westminster Branch during this time. Customers may continue to return materials using the bookdrop; however, customers who have materials on hold should change their pickup locations to a branch other than Westminster. Eldersburg, Finksburg, Mount Airy, North Carroll, and Taneytown branches remain open during this period. For help with holds or account questions, customers can call 410-386-4488 or email ask@carr.org.

Updates about the closure and reopening will be posted at <https://library.carr.org>.
